1. Installations of the Jugopetrol commercial enterprise (whose Directorate is in Belgrade, 18 General Zhdanov Street) are located 500 meters east of Mokosice and south of the Ombla River. Six large tanks with a total capacity of 15,000 tons, as well as several refineries and other workshops, form the compound which serves the needs of this enterprise.
2. The construction of two additional tanks was begun in the spring of 1949, the capacity of which should exceed 5,000 tons. Work is progressing very slowly because of the shortage of material and manpower. A large military gasoline depot, stocked with several thousand barrels, supplies gasoline to units stationed in Dubrovnik, Split and the surrounding area.
